

# Liquid Krystal - Leading the Way in eLearning

Liquid Krystal is a leading eLearning solutions company, with a special focus on organizations with large investments in IT and knowledge workers. Its learning solutions are built on CodeSaw, its award-winning platform designed to help learners learning programming techniques. CodeSaw follows the O.P.E.N (Observe. Practice. Evaluate. Network) learning pattern and is the only learning platform that allows learners to practice their programming skills, real-time and get assessed on their practical programming knowledge within a Web-browser. Liquid Krystal was adjudged one of India's Top-Six Innovative Companies by NASSCOM in 2005.
